NexaTech Leave Policy

DOC-HR-002 • Version 2.4 • Owner: Human Resources • Last Updated: 2026-07-01

Purpose

This policy defines paid leave, sick leave, emergency leave, approval levels, carry-forward rules, and the process employees must follow when requesting time away from work.

Annual Leave

Full-time employees receive 24 paid annual leave days per calendar year. Leave should normally be requested at least three working days in advance. Managers may decline or reschedule leave when business-critical coverage is unavailable.

Sick Leave

Employees receive 12 sick leave days per year. For absences longer than three consecutive working days, HR may request supporting documentation where permitted by applicable law.

Emergency Leave

Emergency leave may be requested for unexpected personal circumstances. Employees should notify their manager as soon as reasonably possible.

Approval Matrix

Leave up to 3 days requires manager approval. Leave from 4 to 10 days requires manager and department-head approval. Leave greater than 10 days requires manager, department-head, and HR approval.

Carry Forward

Employees may carry forward a maximum of 10 unused annual leave days into the next calendar year. Carry-forward beyond this limit requires HR approval.

Process

Requests are submitted through the employee portal. The request records dates, leave type, reason where required, and handover information. Managers should review requests within two business days.
